

## Narrative Discovery

Defining the way you work and making it better.

- A. Identity is important to reflect in our work space.
- B. Our work space should communicate refinement.
- C. The physical space that I occupy in our office contributes to my productivity.
- D. I believe that a change in office planning can enhance our current levels of productivity.
- E. I believe retention is our most important corporate issue.

## Visioning

This is your look. Let's refine it together.

## Budget Projection: Better \$\$

| Visioning Characteristics |           |
|---------------------------|-----------|
|                           | Frequency |
